WARRANTY & DISCLAIMER - Terrafirma products are warranted free from defects in materials and workmanship for a period of 12 months from the date of retail invoice. Terrafirma does not warrant that the products manufactured or marketed by it comply with the laws of the country where those goods are purchased or used. It is the sole responsibility of the purchaser to ascertain whether products being purchased, or the fitting of those products to any other object, comply with local laws. This warranty covers structural defect and workmanship but does not cover finishes, labour charges for removal or refitting, freight costs, accident damage, misuse or abuse, damage due to incorrect or improper fitment or application, modified product, faulty design or consequential damage of any kind. Damage or defects caused by collision, alteration, improper installation, road hazards, adverse conditions or usage for any other purpose other than normal private usage are not covered by this warranty. Terrafirma shall not be liable for any other claim relating to the use of the product and any indirect special or consequential damage or injury to any person, company or other entity. All claims must be accompanied by the original retail invoice and should be submitted to the supplying Allmakes 4x4/Terrafirma distributor. This warranty covers only the replacement of the product or part concerned. The decision remains solely at the discretion of Allmakes Ltd. The information contained in this catalogue was correct at the time of going to press. Allmakes/Terrafirma and its associated companies reserve the right to alter the range and any product specifications without notice. Always consult your Allmakes/Terrafirma distributor for the latest product information and specifications. The Terrafirma range of products is constantly being evaluated for enhancement and improvement to make sure the level of quality and performance is as expected.

INSTRUCTIONS

This is the recommended procedure for fitting this product. For best results, please follow these instructions.

<p>1.</p>	<p>Turn the roof rack upside down on a stable non scratch surface. Position the wind deflector plate on the front of the roof rack so that the lip is pointing down and at the rear. The plate is pre drilled to suit all rack options.</p>	
<p>2.</p>	<p>Using the access slots slide the leg mounting bolts into position.</p>	<p>Locate all the legs, spacing them equally along the rack. Do not fully tighten at this stage.</p>

3. Turn the roof rack over and with assistance carefully position the roof rack onto the vehicle. Align the rack and fit the gutter clamps to the legs.

Only when you are happy with the position tighten the gutter clamps evenly taking care not to over tighten. Finally tighten all the leg mounting bolts.

HAVING ISSUES OR LOOKING FOR ADVICE?

No trouble. We're here to help. You can call us up for fitting advice or to help troubleshoot any issues you may have. We can also advise on optimum ways to load your Roof rack according to your requirements. Our contact details are at the bottom of these instructions.

*Access ladders are available; Defender TF980.
